Nels Hillman was on our creek last week.

The death angel visited the home of Mr. and Mrs. Dave Thompson Friday and took from their loving care their little grandson who for the few months of his life had stayed with his grandparents near Jattie. He was the son of Late Webb of this place. Being a lovely child he won the admiration of all who knew him. Weep not, dear friends, for the little child for he is safe in the arms of Jesus where we all should prepare to be when we cross over death's cold river. His mother and little brother preceded him to that beautiful country just a few months ago. Funeral services were conducted by Rev. Hutchison. Interment took place at the Webb burying grounds.

SWEET MARIE.

### WEAK, WEARY

### WOMEN

LEARN THE CAUSE OF DAILY WOES AND END THEM.

When the back aches and throbs, When housework is torture, When night brings no rest nor sleep, When urinary disorders set in, Women's lot is a weary one.

Doan's Kidney Pills are for weak kidneys.

Have proved their worth in Louisa. This is one Louisa woman's testimony.

Mrs. M. J. Dunagan, Lock Ave., says: "I used Doan's Kidney Pills and I was so well pleased with the results I can recommend them to others. My back ached and there was a constant weakness through the small of my back. I had a dizzy feeling come over me every now and then. My kidneys weren't acting regularly and I heard about Doan's Kidney Pills and used two boxes. They rid me of the trouble entirely."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Dunagan had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

### Bethel Camp Meeting to Begin August 11th

The annual camp meeting at Bethel Camp Grounds will begin August 11th and continue to August 20th. Workers under the Holy Ghost will be Rev. N. G. Griswold and Rev. L. R. Maddox of Fleming county, Rev. J. O. Polley and others and good singers. Good water on the grounds and fine shades, beautiful grounds.

The camp is interdenominational and stands for the salvation of sinners, the sanctification of believers and the edification of God's people of every sect and creed.

The camp ground is near Busseyville, Ky., and about four miles west of Louisa. For information address D. L. Pigg, Busseyville, Ky.

## The New Series 6-66 Perfected Chassis

The new Series Paige 6-66 Models are now ready for your inspection. We offer them as the most distinguished group of Motor Cars in the entire six cylinder field. No cars have ever won greater or more consistent endorsement from the motoring public. But now comes the final touch of Paige craftsmanship—the careful, painstaking, refining process which results in a perfected product.

So far as beauty of design and appointment are concerned, we leave that to your own eyes. Just now, we ask you to consider very briefly a chassis of one hundred point strength and efficiency.

### The Motor

In every fundamental detail this great 70 horsepower engine remains unchanged. Two years of heroic service have failed to reveal a single weakness at any speeds or under any driving conditions. But many refinements and improvements of detail have brought the power plant close to perfection. The 6-66 now possesses the flexibility of an electric.

### The Frame

The specially designed frame of the 6-66 has been still further reinforced by two additional cross members. This construction assures a frame of utmost stiffness and practically eliminates all possibility of weaving. It means giant strength where strength is an essential requirement.

### The Clutch

The New Series 6-66 is equipped with a new type clutch—the greatest single advance ever made in clutch development. It is now actually possible to change from high to second speed when the car is traveling at 30 or 35 miles per hour. Never before has such smooth, velvety action been dreamed of.

### The Transmission

A new and highly efficient transmission makes gear changing a delight. Here Paige engineers have secured the combination of vast strength and amazing quietness. One finger on the lever and the gentlest of pressure is all that is necessary for immediate action.

### Universal Joints

Here is a splendid improvement—Universals that are permanently lubricated. No parts are harder to get at and no parts need more consistent oiling. In these sturdy, yet flexible joints, there is a complete solution of the problem, for they retain their lubricant tightly sealed against dust and grime.

### Snubbers

Long 61-inch springs are a sufficient guarantee of smooth, easy riding qualities but when these are supplemented by snubbers you can imagine the result. No words can quite describe how the New Series 6-66 ride. But you can thank perfect distribution of weight, the unusually long springs and snubbing.

### The Axles

Both front and rear axles are Paige-Timkens with all that this combination implies. There could be no finer construction—no better example of skilled workmanship and highly tested metal. Front and rear, the Paige 6-66 carries the best axles that money can buy.

Such, very briefly, is the perfected chassis of the New Series 6-66 Models. It is one great union of strength and efficiency—a true Masterpiece of Mechanical Engineering. It promises not only a newer, finer conception of Motoring, but years of full vigored life on the Highway. We suggest that you see it today.

A. H. SNYDER, Louisa, Ky.

THE MOST BEAUTIFUL

PAIGE

CAR IN AMERICA

### FALLSBURG
